REMARKS

In the Notice to Comply, issued February 6, 2003, the Examiner noted that certain claims of the application recite amino acid sequences that are not identified by a sequence identifier.

With the above amendment, sequence identifiers have been added to Claims 14, 15, 18, 19, 47, 48, 50, and 51. In addition, an amendment has been made to the descriptive portion of the application to add an appropriate sequence identifier.

Respectfully submitted,
